

## Access & Use of the Service

- Beneficiaries' access to the AXIAweb service is carried out through the Internet and their personal user passwords: username and password.
- In order to obtain access codes to the service, a necessary condition is that the beneficiary knows his Investor Share number and Securities Account at D.S.S. If he doesn't know the above information, the beneficiary can search for them electronically through service "[Do I have Investor Share and Securities Account on D.S.S.?](#)" or through the relevant Participant or through the "[Provision of Information](#)" Registry service.
- To register the user to the service, the beneficiary shall submit to Euronext Securities Athens the "Application-User Agreement for the issuance of user passwords in the AXIAweb service" ([APP022](#)).
- In case the user wishes to deactivate and/or re-issue passwords, the user shall submit to Euronext Securities Athens the "Application for deactivation and reissuance of user passwords in the AXIAweb service" ([APP023](#)).
- The AXIAweb service is provided to beneficiaries free of charge. Euronext Securities Athens reserves the right to impose a charge, upon notice, to users at least thirty (30) days prior to the imposition of the charge.
