Announcement – Regulated Information according to L. 3556/2007

Public Power Corporation S.A. ("PPC") announces, according to the provisions of L. 3556/2007 and following a relevant notification received on May 27, 2026, from the Greek State (Ministry of Economy and Finance), that the following changes to the Greek State's direct and indirect participation in PPC have occurred, in the context of PPC's share capital increase carried out pursuant to the relevant decision of the General Meeting of PPC Shareholders dated May 14, 2026, in conjunction with subsequent decisions of the Board of Directors ("SCI"):

Prior to PPC's SCI, the Greek State held an indirect 35.3% participation in PPC's share capital and voting rights through the Hellenic Corporation of Assets and Participations S.A. ("HCAP"), whose sole shareholder is the Greek State.

In the context of PPC's SCI, the following took place:

a) The Greek State acquired (through the Minister of Economy and Finance, acting pursuant to the relevant provision of Article 119 of Law 5301/2026) a direct participation in PPC representing 11.58% of PPC's share capital and voting rights (i.e., 69,180,631 shares).

b) HCAP did not participate in PPC's SCI. Consequently, HCAP's direct participation in PPC now represents 21.82% of PPC's share capital and voting rights (i.e., 130,349,860 shares).

It is apparent from the above that the Greek State holds, on the one hand, a direct 11.58% participation in the share capital and voting rights in PPC, and, on the other hand, indirectly (through HCAP, the Greek State being the sole shareholder of it) a 21.82% participation in the share capital and voting rights of PPC.

Consequently, the Greek State's total participation, both direct and indirect, amounts to 199,530,491 PPC shares, representing 33.4% of PPC's share capital and voting rights.
